WINNING ON PURPOSE

How do we know when we have won?

Please finish the following sentence:

We have won when _____

- What does this mean?
- What *attitudes* are we seeking in men?

- What will a win look like for men?
- What *actions* will we see that confirm a win is happening?

- How do we deliver a win?
- What do we need to do in personal preparation to advance the yardsticks?
- What specific action, steps, tasks, and processes do we need to begin, advance, and complete to make sure we achieve the winning goal?

Every man lives to the level of his faith. Faith is the avenue of access to God, but not the destination. Faith is the ticket to the feast, but not the feast. The feast of faith is love.
